## STORAGE

To prevent damage or pressure marks on your Wheel Rim, we recommend resting it on the hub and not on the rim grip.

If it is still installed on your Fanatec Hub, use the Quick Release storage pin to prevent wear on the mechanism during long term storage.

## USAGE

Because of the possibility of increased wear-and-tear, Fanatec cannot give a general recommendation to use gloves.

## CLEANING

Clean only with a dry or slightly damp cloth. Using cleaning solutions may damage your NASCAR® Wheel Rim.
